Jason,  
I'm looking these over and have some comments.

Do you have a revised set of slides, based on Chad's comments? Also, please share the revised draft with Vince Cogliano and also Lynn Flowers; they need to attend these meetings with Ken and Tom.

Hi Everyone,

By now I am sure you are aware, you have been invited to a briefing with Tom Burke on July 2<sup>nd</sup>. This briefing has two purposes, which is why all of you have been invited.

In saying all of this we don't envision each of you providing comment on the entire presentation (although you are more than welcome to), but the individual sections most important to you (i.e., Part 1 for OAQPS, and Part 2 for OTAQ). Could you please provide any comments you may have back to me by **Tuesday, June 16<sup>th</sup>**? This will give me enough time to make any edits and get the presentation up to Tom a few days prior to the briefing.

Thanks in advance, and don't hesitate to contact me if you have any questions.
